

Preparing children for life, through life...

Certified Program in Experiential Education

2025

**Making education
real & authentic**

Disha India Education Foundation, Gurgaon, in learning partnership with Experience Based Learning Systems Inc, USA, launches its 19th **Courage to Lead** expedition for school leaders and educators. The program is designed to help educators experience and understand how to use real-life experiences as a source and pedagogic medium for

teaching, learning and change in schools and community. The big idea is to experience and understand what it takes to create Experiential Learning classrooms, schools and community spaces. Experiential Education makes learning meaningful and challenging for children and prepares them for life through life...
